Re: Price Increase Notification 1st July 2014

As I am sure you are aware, costs continue to rise in Australia for all manufacturers. Over the past few years we have worked hard to contain costs and improve productivity to support our customers in a challenging marketplace. However, over this time we have incurred price increases from suppliers as well as other input cost increases including labour, electricity, gas and freight that we can no longer absorb.

Due to this we will be increasing prices across our products and services for deliveries on or after the 1st of July 2014. Prices will increase as per the following:

1. 4.5% on products in bulk packaging excluding cyclonic products
2. 5.0% on products in trade and hang packs
3. 4.5% on cyclonic products
4. An additional charge will apply for painting any colour outside the standard 22 Colorbond® colours, please note these products are available in bulk cartons only (ie paint to order, secondary colours, colour matched requirements).

We would like to take the opportunity to thank you for your business and look forward to continuing to work with you in the future. Please be assured we are committed to supporting your business with excellent service, best product quality and technical support.

Your new price file will be sent to you shortly.

Yours faithfully,

Stephen Buckley & Derek Andrews
Regional Sales Managers – Southern & Northern
