### General Price Adjustments Advice – 1st July 2014

To our valued customers,

We wish to give notification of a price increase on our Buildex screw fastener range along with a general price increase on all products that we supply. Our supplier's advice letters to us are viewable on our website [aerofast.com.au](http://aerofast.com.au). We appreciate that price adjustments are never well received, but as the pressures on the Australian dollar and increasing running costs to businesses continue, many products have been affected. We have been absorbing increases on many items but we now must pass them on.

We will make the necessary adjustments to your quoted prices effective **1<sup>st</sup> July 2014**. All products will be adjusted in accordance with the appropriate suppliers increase within each category.

We are currently preparing the new price lists, which will be available for download in June off our website at [aerofast.com.au](http://aerofast.com.au) and clicking on the "[Price Lists](#)" icon. ***Account Customers please contact your local branch for the password to open the documents.*** All discounts off list prices will remain as per your quotations currently in place with any special nett/ bulk buy prices on effected products adjusted accordingly.

Our minimum delivery charge will be a very competitive \$14.90 (+GST) for the prompt same day delivery service you have come to expect from us. Airbags, pallets, bulk deliveries, urgent interstate and local services will be charged accordingly reflecting the increases on postage, freight, fuel and toll charges applied to us.

All of us at AeroFast thank you for your business. Our service to you is our priority, because this is the only way we can show our appreciation to you as our customer. If we do it right, then you get the job done with no down time for your business. We will continue to supply quality products that give you the best results.

Please contact us if you require any further information regarding this correspondence. You can also view this letter and other relevant pricing news, supplier notifications etc, by going to our website and clicking on the "[News](#)" icon.

Yours faithfully,

**AEROFast**
